ELISE TROUW

"I wanted to make a pair of sticks that the nine-year-old in me would love. Working with Vater, we have made sticks that are also perfect for me today." - Elise Trouw

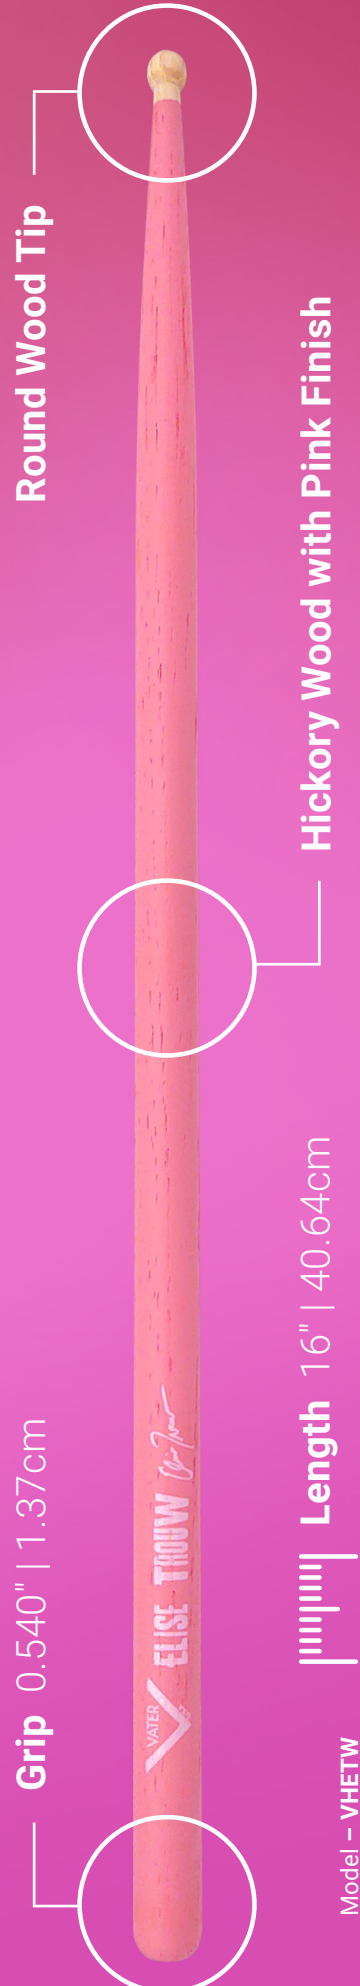

Elise Trouw is one of the most celebrated and trail blazing independent artists of her generation - a multi-instrumentalist, singer, songwriter, producer and content designer/developer who blends digital technology with acoustic instruments in new and creative musical and visual ways.

Elise Trouw is an incredible inspiration and acclaimed role model for young budding creatives and the growing female musician market world-wide. She is consistently praised by a long list of well-known and iconic musical peers.

Elise Trouw's Vater drumstick design is as fun and inspiring visually as it is to play with. Elise's model is 16" in length with a 7A sized grip for a comfortable feel that is suitable across the full range of drumming experience from young beginners to advanced players alike.

Lathe turned using the finest grade American Hickory for durability with a round wood tip for a clean, defined sound. Elise Trouw's logo, signature and customized Pink finish put the finishing touches on this exciting model.
